1 SPEAKER INTRODUCTIONS

1.1 MICK FELOY

Mick is an independent researcher specialising in training, skills and wider labour market issues. He has been involved in the DRIVES Project over the last couple of years on behalf of the UK project partner (Enginuity) and is co-author of the recent DRIVES Apprenticeship Marketplace Report.

1.2 JAKUB STOLFA

Jakub is the Project Coordinator for the DRIVES Project so, as his title suggests, coordinates all activity across the many projects in the 6 different work packages across the project. As you would expect, his background is in programme and programme management where he has extensive experience.

1.3 FRANCISCO ALVEREZ

Francisco has worked at Gestamp for 13 years as the Learning and Development Corporate Director. Gestamp designs metal solutions for the car industry and Francisco and his team design and deliver learning and development solutions to over 40.000 Gestamp employees around 22 countries.

1.4 NEILL GOODLIFFE

I have more than 20 years experience as a project manager working in the training sector in the UK; for the last 7 years in engineering and manufacturing. I've been the DRIVES project manager for Enginuity for the last 18 months where we've worked on a range of projects with our partners, including the Good Practise Resource, the Apprenticeship Comparison Tool and the SME Apprenticeship Toolkit.

2 QUESTIONS FOR PANEL DISCUSSION

2.1 MICK FELOY

What do you think are the most important recommendations?

How did you arrive at the recommendations? [who did you engage with?]

One of the recommendations is about the future gathering of skills intelligence. Could you tell us the sorts of data/information/intelligence you hope could be collected?

2.2 FRANCISCO ALVEREZ

How do the recommendations reflect your experience as an employer involved in Apprenticeships?

What would you like to see as an employer to help guide your Apprenticeship programmes in the future?

How can Apprentices help improve and shape Apprenticeship programmes? [JA3B event]

2.3 JAKUB STOLFA

How has the DRIVES Project impacted on the auto sector and Apprenticeships, in particular? REFLECT

How important is it that resources developed by DRIVES are sustained and maintained in the future?

[link to ASA presentation]

What will happen if they're not?
